To Whom It May Concern:

I am writing to recommend Mark Seguin as a presenter for training at your college or organization. Mark spoke to Tyler Junior College faculty, staff and students to train them on how to react during an active shooter situation multiple times this semester. His message was very impactful and his presentation was extremely engaging for our participants. Due to the positive response from participants of the training, we will be bringing him back to our campus for presentations in the future. In light of what is going on in our country, this type of information is very important as we strive to keep our campus safe.

Sincerely,

A handwritten signature in black ink that reads "Lauren Tyler". The signature is written in a cursive, flowing style.
